Award Date	03/15/2010		
Award Description	STATE HEALTH INFORMATION EXCHANGE COOPERATIVE AGREEMENT PROGRAM: The governance, policy and technical infrastructure supported through this program will enable standards-based Health Information Exchange (HIE) and a high performance health care system. This program will be a federal-state collaboration aimed at the long-term goal of nationwide HIE and interoperability. Office of the National Coordinator for Health Information Technology of HHS (ONC) awarded cooperative agreements to states or state designated entities (SDE's) to meet local health care provider, community, state, public health and nationwide information needs. The cooperative agreement approach allows for a greater level of coordination

and partnership between ONC and states or their SDEs.

The Texas Health Services Authority (THSA) will coordinate the planning effort under contract with HHSC. THSA will carry out the program functions with HHSC serving as the Fiscal Agent. The Texas Health Services Authority (THSA) was created in 2007 and charged with improving patient safety and quality of care through development of a state electronic health information infrastructure.

Project Information

Project Name or Project/ Program Title	Texas Health Information Exchange (HIE) Cooperative Agreement Program	Activity Codes (NAICS or NTEE-NPC) (up to 10)
Quarterly Activities/ Project Description	<p>The Texas HIE Cooperative Agreement Program is funded by a grant from the ONC (Office of the National Coordinator for Health Information Technology) to design and implement a statewide infrastructure for interoperable, electronic Health Information Exchange.</p> <p>Under this program, states are allotted a formula-funded amount to plan and implement statewide, electronic health information exchange networks. On March 15, 2010 ONC awarded HHSC \$28.81 million for a 4-year period, with \$1 million allocated for the initial planning phase and the balance for the implementation phase. The planning phase will be complete by early fall and will result in the development of strategic and operational plans for statewide HIE. The implementation phase will continue through March 2014. The implementation funds will</p>	<p>Activity Code 1 Z99</p> <p>Activity Code 2</p> <p>Activity Code 3</p> <p>Activity Code 4</p> <p>Activity Code 5</p> <p>Activity Code 6</p> <p>Activity Code 7</p> <p>Activity Code 8</p> <p>Activity Code 9</p> <p>Activity Code 10</p>

not be released until submission and approval of the strategic and operational plans. At this time, it is not possible to identify any discrete outputs associated with the implementation phase since the planning has not yet been completed and it is therefore not known what activities will comprise the implementation phase. The stated goal of the program is to improve the quality, safety, and efficiency of the state health care sector by establishing an electronic health information infrastructure to enable secure, private communication of health information among providers and other key stakeholders. No activities occurred in this federal reporting quarter due to the date of the grant falling so close to the end of the quarter.

Project Status Not Started

Total Federal Amount ARRA Funds Received/ Invoiced 0.00

Number of Jobs 0.00

Description of Jobs Created No Jobs Created during the federal quarter.

Total Federal Amount of ARRA Expenditure 0.00

Total Federal ARRA Infrastructure Expenditure 0.00

Infrastructure Purpose and Rationale The infrastructure created under this grant comprises of a secure statewide network for the transmission of electronic health records. The state will create this network cooperatively with ONC and other states to ensure full interoperability. This will enable standards-based Health Information Exchange (HIE) and a high performance health care system.
